Summary:

Express Burn is a cd burning program for Windows and Mac that lets you create and record audio, video and data CDs.With Express Burn you can record discs quickly and easily by dragging the files you want onto the icon and clicking Burn. The software then does the rest, including converting the files if required. Express Burn is also the fastest CD writing program in the world using proprietary optimizing systems.Features:~Writes the following types of discs: Data CDs (perfect for backup) Audio CDs (for traditional CD player) Mp3 CDs (larger capacity alternative to audio cds) ~Records CD Recordable (CDR) and CD Re-recordable (CDRW) discs. ~Supports multi session recording to CD (you can choose to add more music tracks at a later time). ~Burn avi, mpg, vob, asf, wmv, mp4, ogm and all video formats that have a DirectShow based codec. ~Record video files to PAL or NTSC. ~Support Joliet and CDA formats. ~Supports multilevel folders and long file names on Data CDs. ~Data CDs are fully ISO compliant with Joliet extension. ~Audio CDs are recorded with direct digital recording (so perfect audio quality is maintained). ~Can seamlessly burn audio CDs with no pause between tracks. ~For Audio CDs it supports wav, mp3, wma, au, aiff, ra, ogg, flac, aac and a number of other audio file formats. ~Includes command line operation for automation and integration with other programs. ~Simple, easy to use interface for day-to-day operation.
